On April 26, 2006, the Commission on State Mandates directed staff to work with state agencies and interested parties to develop and recommend a reasonable reimbursement methodology pursuant to Government Code section 17518.5 for inclusion in the revised parameters and guidelines.

On July 12, 2006, the County of Los Angeles requested a prehearing conference to review proposals and to confirm the timeline.

The second prehearing conference will be held on July 27, 2006, at 2:30 p.m. at the Commission's offices, 980 9<sup>th</sup> Street, Suite 300, Sacramento, California.

### **The Proposals**

The following five proposed amendments and timeline may be discussed at this prehearing conference and are available for review on the Commission's website at:

<http://www.csm.ca.gov/pobor>.

- The **California State Association of Counties** (05-PGA-19) requests that the parameters and guidelines be amended to include a reasonable reimbursement methodology that would reimburse local agencies \$528/peace officer employed by the agency on January 1 of the claim year, with annual adjustments based on the Implicit Price Deflator.
- The **County of Los Angeles** (05-PGA-18) requests that the parameters and guidelines be amended to include a reasonable reimbursement methodology that would allow local agencies to be reimbursed based on *approximations of local costs mandated by the state*. This proposal is based on studies of claims data submitted to the Controller's Office for the 2001-2002 through 2004-05 fiscal years. The County describes its proposal as a reimbursement formula which reflects differences in POBOR case loads among local law enforcement agencies and differences in the numbers of peace officers employed by those agencies. The reasonable reimbursement methodology is comprised of three components: (1) *Unit Case Costs* are determined by multiplying the number of unit level cases X 12 standard hours X productive hourly rate; (2) *Extended Case Costs* are determined by multiplying number of extended cases X 162 standard hours X productive hourly rate; (3) *Uniform Costs* are determined by multiplying the number of peace officers X standard rate of \$100. The costs from these three components are then totaled for the annual claim amount.
- The **County of San Bernardino** (05-PGA-20) requests that the parameters and guidelines be amended to allow claimants to file reimbursement claims based on actual costs or the CSAC-SB 90 Group reasonable reimbursement methodology proposal of \$528/peace officer. The County also proposes amendments to (1) update the parameters and guidelines based on the reconsideration; (2) to clarify the descriptions of "Interrogations" and "Adverse Comment" under Section IV. Reimbursable Activities; and (3) to update and clarify Sections V-X to conform with recently adopted language.
- The **Department of Finance (DOF)** (05-PGA-22) requests that the parameters and guidelines be amended to include a reasonable reimbursement methodology. Under this methodology, a distinct "base rate" would be calculated for each claimant based on SCO audited amounts for four years of claims. The annual reimbursement would be the result of multiplying the "base rate" by the number of covered officers. The base rates would be adjusted annually by an appropriate factor to capture the normal cost increases. A process for determining *mean* reimbursement rates while final reimbursement rates are determined.
- The **State Controller's Office (SCO)** (05-PGA-21) requests that the parameters and guidelines amendment previously filed on May 5, 2005 be superseded by their June 29,

2006 filing. The SCO proposes changes to clarify reimbursable activities consistent with the Statement of Decision adopted November 30, 199, and to add the Commission's previously adopted standardized language. The proposed amendments do not include changes reflected in the Commission's Statement of Decision adopted April 26, 2006. However, the proposal includes "time study" language.
